A Family Owned, Customer Focused Heating and Air-Conditioning Company Located in Bernville, PA.

We offer the highest efficiency Energy Star rated heating and cooling equipment.

Berks Energy Heating and Air Conditioning is a customer focused heating and air-conditioning company that was originally started in 2006. We are family owned and located in Bernville PA. We have highly trained people whose goal is to make our company the best service company in Berks County.

Our company specializes in designing, engineering, and installing complete comfort systems for owners of existing homes and buildings just like yours. We take special pride in the craftsmen we train and employ--a fact you'll notice immediately in the attitude and integrity they bring to your job site. Our entire company works hard to make your experience with us hassle-free and enjoyable. Should we make a mistake, we will do everything in our power to correct it to your satisfaction.

From the professionalism of our sales engineer, to the dedication of our servicemen and installers, we are dedicated to delivering you the best.

We take our responsibility very seriously when you place your trust in us. We pledge to always tell you up front what your cost will be to complete your job correctly. We make it a point to go over any details or limitations of the proposed system that will affect your enjoyment of the end result. You are told exactly what to expect up front.

This is why Berks Energy continues growing with more satisfied customers each and every year. Give us a call for your service needs and see what you've been missing.

Our services include heating and cooling system installation and service, furnace and boiler cleaning, central air conditioning and heat pump service, preventative maintenance, air duct cleaning, chimney liners and water softeners, and more:

- ★ Heating and air conditioning equipment estimates.
- ★ Duct cleaning evaluations and estimates.
- ★ Heating and cooling system efficiency evaluation.
- ★ Furnace and air conditioning certifications.
- ★ Heating, cooling problem solving.
- ★ Financing help.
